

PROFESSIONAL SUMMARY

Results-driven Senior Planning & Project Controls Lead with **15+ years** of experience in project scheduling, cost control, and performance analysis across major EPC, governmental, and healthcare infrastructure projects in Saudi Arabia. Expert in Primavera P6, Earned Value Management (EVM), and Power BI dashboards. Proven track record leading cross-functional project control teams and delivering data-driven insights to support strategic decision-making for projects valued over **\$400M**. PMP certified with deep knowledge of FIDIC contracts, delay analysis, and recovery planning.

CORE COMPETENCIES

Project Controls	Planning, Scheduling, Cost Control, EVM, S-Curves, Forecasting	Scheduling	Primavera P6, MS Project, CPM, TIA, Resource Loading
Cost Management	Budgeting, Forecasting, Variance Analysis, Cash Flow, Commitment Tracking	Reporting & BI	Power BI, DAX, Power Query, Excel (Advanced), KPI Dashboards
Delay & Claims	EOT Analysis, Forensic Delay, FIDIC, Mitigation Strategies, Recovery Plans	Leadership	Team Supervision (5+ engineers), Cross-functional Coordination, PMO Support

PROFESSIONAL EXPERIENCE

- Youssef Marroun Contracting Company

Senior Planning & Cost Control Lead

Leading Saudi contractor — 3,000+ employees — infrastructure and building EPC. Riyadh, KSA.

- Supervise a team of 5 planning and cost engineers across multiple concurrent projects totaling \$250M+.
 - Develop Primavera P6 schedules integrated with budgets, procurement, and cost forecasts for Dallah Healthcare Complex (\$184M).
 - Establish cost tracking systems and Power BI dashboards linking budgets with actuals for executive reporting.
 - Provide EVM analysis, S-curves, and variance reports at project and portfolio levels for decision-making.
 - Coordinate with Directors, Finance, and Procurement to align schedule progress with financial performance.
 - Lead project control meetings and present dashboards to executive leadership and clients.
 - Establish standardized planning and cost control procedures adopted across the department.

Aug 2024 – Present
- CAP France BAT for Contracting Company

Senior Planning & Cost Control Lead

Specialized Saudi contractor — 1,500+ employees — building and infrastructure EPC. Riyadh, KSA.

- Supervised 2 planning engineers for scheduling and cost control on MOF Building FB-01 (\$40.8M).
 - Developed P6 schedules aligned with milestones, budgets, and resource plans.
 - Prepared weekly/monthly progress reports, EVM analysis, and S-curves for Client presentations.
 - Managed budget tracking, commitment monitoring, and variance analysis against baselines.
 - Designed Power BI dashboards for KPI monitoring and recovery planning.
 - Coordinated with engineering, procurement, and site teams to align progress with cost performance.

Oct 2023 – Aug 2024
- Al Enjaz for Contracting Company

Senior Planning & Cost Control Lead

Saudi general contractor — 2,000+ employees — building, infrastructure, and fit-out. Riyadh, KSA.

- Managed P6 schedules and cost control for NWC water network projects valued at \$42M.
 - Performed EVM analysis, variance reporting, and monthly progress presentations to Client.
 - Coordinated with site teams and procurement to align material deliveries with schedules.
 - Developed recovery schedules and delay analyses to minimize overruns.
 - Prepared payment certificates and reviewed subcontractor invoices.

Oct 2022 – Oct 2023
- Jadwa for Contracting Company

Planning & Cost Control Engineer

Leading Saudi contractor — 1,500+ employees — building and infrastructure. Riyadh, KSA.

- Led project controls for commercial developments totaling \$55M+ (The Zone, Takhassusi Plaza).
 - Developed baseline schedules, cost reports, S-curves, and EVM analysis.
 - Coordinated with consultants for design change impact assessments and EOT claims.
 - Managed procurement follow-up, subcontractor progress verification, and payment reviews.
 - Prepared monthly invoices and monitored productivity against schedules.

May 2017 – Oct 2022
- Al Fawzani & Partners for Contracting

Planning & Cost Control Engineer

Leading Saudi contractor — 4,000+ employees — governmental infrastructure. Riyadh, KSA.

- Performed planning and cost control for projects worth \$300M+ (port expansions, SWCC facilities).
 - Developed P6 schedules, cost baselines, and progress reports.
 - Prepared payment certificates, quantity verification, and cost variance reports.
 - Monitored cash flow and commitment reports with early warnings on budget overruns.

Dec 2013 – May 2017

Al Fawzani & Partners for Contracting

Project Engineer

- Supervised site execution ensuring compliance with specifications and quality standards.
- Assisted in planning, progress tracking, and quantity take-offs for payment certificates.

Omar Bin Al-Khattab Construction Company

Site Engineer

- Supervised daily site activities for residential and commercial projects in Amman, Jordan.
- Coordinated with subcontractors, prepared daily reports, and monitored productivity.

EDUCATION

B.Sc. in Civil EngineeringAl-Balqa' Applied University, Jordan — 2009 | GPA: 2.98/4.0
